POLICEMEN PASSING REVIEWING STAND IN ANNUAL PARADE ON BROAD STREET

MAYOR REVIEWS, THOUSANDS CHEER, POLICE ON PARADE

Brilliant Scene on Broad Street as Men of City Departments March to Ball Park for Athletic Events.

Police and firemen, the city's "finest," paraded on Broad street this afternoon before Mayor Blankenburg and Director Porter, who reviewed them from a stand opposite the Union League. The parade preceded athletic games held at Broad and Huntington streets, bringing to a close the 19th annual two-day carnival of the police department. Thousands of persons lined the sidewalks and cheered enthusiastically while the blue uniformed army of 4000 marched in varied formation from Fitzwater to Market street on Broad. At 11th and Poplar streets the marchers boarded street cars and proceeded to the ball grounds. Members of the mounted, reserve and bicycle squads, special policemen, firemen, ambulance corps, fire boats, Electrical Bureau were in line. Fire marshals in their motorcars were in the line of march. The column was headed by the police band. Other bands were in line. On all sides the applause was constant as the men marched up Broad street. The Mayor and Director Porter had hardly taken their position in the stand before there was a burst of martial music and the column was moving northward. The order of march was as follows: Superintendent of Police and staff, chief surgeon and assistants. First division—Captain Harry C. Davis; band, four companies reserves, 1st, 2d, 3d, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

MAYOR'S PLAN TO RELEASE CITY FUNDS MEETS FAVOR

Councilman Committee Adopts Suggestion to Help Unemployed. Adoption of the plan of action outlined by Mayor Blankenburg yesterday for untying the city's finances in the effort to give work to the unemployed, the coming winter is regarded as the most important step taken by members of Council in its "relief" campaign. Independent forces point out today that upon the sincerity of the Councilmanic bodies and the willingness of the City Solicitor and City Controller to co-operate with the Mayor depends the ultimate success of the Mayor's project. Mayor Blankenburg's suggestion to the Councilmanic Committee, appointed to devise plans for relief of the unemployed, was that a smaller committee consisting of the Mayor, City Solicitor, City Controller and Councilmen to be named by Chairman Connelly meet and determine definitely what municipal funds are immediately available to put under contract, what funds need further legislation to be available, and what legislation should be passed to make all funds available. The suggestion of the Mayor was adopted by the Councilmanic Committee.

SWARTHMORE STUDENTS MARK FOUNDER'S DAY

Annual Celebration on College Campus Attended by 500. Five hundred students and the faculty of Swarthmore College began the celebration of Founder's Day this afternoon when they marched from Parish Hall to the southwest campus where songs and yells were led by the class officers. The procession then moved to the outdoor auditorium where over 200 guests had gathered for formal exercises. Isaac H. Clothier, chairman of the Founder's Day Committee, began the program by having the national anthem sung. He introduced James Alexander MacDonald, LL. D., director of the World Peace Conference, who delivered an address on "America's Greatest Achievement in the Light of Europe's Colossal Failure." Following this the exercises were brought to a close by singing the "Alma Mater." A play will be given by the students this evening in Parish Hall, entitled "In the Vanguard," written by Katrina Trask, and produced under the direction of Miriam Lee Early-Lippincott.

Shriners from all the Eastern States will make a pilgrimage to Shibe Park this afternoon to attend the annual field day of the Lu Lu Temple, and incidentally to see Chief Albert Bender pitch for the Lu Lu baseball team against the Crescent Temple, of Trenton. The Lu Lu Temple, with its band of 80 pieces, its patrol, the mounted guard, will meet the visitors at the North Philadelphia station at 1 o'clock. After parading to Shibe Park, the mounted guard and the patrol will give elaborate exhibition drills in connection with the patrol from the Crescent Temple, of Trenton. The Lu Lu team will include Lapp, Bender, Harry Davis and Eddie Collins, of the Athletics, and Otto Knabe, manager of the Baltimore Federals. They expect to win the cup presented by William W. Umbenauer.

OFFERS TO PAY "JUDGE" FOR HOLDING HER ENEMY

Negro Woman Elated by Result of Church Fight. Mrs. Mary Slaughter, a Negro, 5822 Myrtle avenue, was so delighted when Magistrate Pennock held Mrs. Julia Morton, 105 East Washington lane, also a Negro, under \$200 bail for court on an assault charge, she attempted to compensate him. After her alleged assailant had been held Mrs. Slaughter smiled at the magistrate and attempted to slip him a coin. Despite the magistrate's warning, Mrs. Slaughter left the court saying, "Money talks," and left a dollar on the floor in front of the magistrate's desk. After being called back to the court and reprimanded, she declared that she did not know that she had left the dollar. According to Mrs. Slaughter, she was dividing the flowers that had adorned the pulpit in Mt. Zion Church during the sermon on Sunday, October 11, to take them to the sick, when Mrs. Morton slapped her face repeatedly and broke her glasses. Mrs. Morton said that the attack was provoked by Mrs. Slaughter's calling her a falsifier in the presence of the pastor. The deacons prevented a fist fight in the church and endeavored to end the quarrel. When their efforts failed, Mr. Slaughter insisted that her grievance was so serious that only the courts could decide it justly.

WOMAN'S RUSE CAUSES ARREST OF MAN SUSPECT

Find Story Untrue That He Was Collecting Money for Charity. A clever bit of detective work on the part of Mrs. Harry Blisch, 2555 North 17th street, resulted in the arrest of a man charged with obtaining money under false pretense. The prisoner, Harry Whiteley, 45 years old, who has no permanent address, was arraigned before Magistrate Morris in the 25th and York streets station this morning and held under \$500 bail for court. Whiteley, it was testified, came to the Blisch home last night and asked for Mr. Blisch, who is a paperhanger. He was not at home and then Whiteley explained he wanted paperhanging done to the amount of \$250. Then he changed the subject and suavely explained he was collecting money to send a 2-year-old child to a home in Soranton and produced a notebook containing the names of several persons in the neighborhood who had aided him. The name of Charles Fredericks, a neighbor, appeared in the book. Mrs. Blisch suspected the man and told him she would write him a check for \$1. She then went to Fredericks's home, ostensibly to have the check cashed, but in reality to check up on the man's story. When Fredericks told her the man was an impostor, Mrs. Blisch sought out a policeman, who arrested Whiteley as he sat on the front stoop waiting for the woman to return with the money.

VIOLET MAY LAID AT REST

Spaniel Buried in White Casket With Silver Trimmings. Violet Marie May, 15 years old, a resident of Carman street, Camden, was buried today in a white casket in the Evergreen Cemetery. A white horse carried the body, which was lowered into the grave in a white, silver-handled casket. Flowers were placed upon the grave, and many were seen trying to keep back a tear. Violet was more than beloved. She was the pet not only at the home of Mrs. Annie B. May, but also at the home where she had made her home since the tender age of 5 weeks, but every time she would take her daily walk boys, girls and even "broken-ups" would try to "chirp" with her. One of the truest of her kind, Marie Violet was a Hienheim spaniel. The dog died yesterday of heart disease. Mrs. Barrett had the body embalmed and honored the family pet by burial in a casket.

Thieves Take Silver From the Rev. Dr. Auld's Residence. The residence of the Rev. Dr. William M. Auld, 134 Pine street, was entered by thieves during the absence of the family yesterday. The police have reported several other robberies, the thieves, in most cases, taking jewelry. At noon yesterday the home of Charles Walters, 538 Walnut street, was entered and jewelry valued at \$400 stolen. Jewelry valued at \$150 was taken from the home of Anthony Willart, 200 East Cumberland street. Jennie Murphy, of 255 Argyle street, has reported the loss of jewelry valued at \$120. Samuel Behrman, 212 South 3d street, was robbed of \$250 and jewelry while asleep in his room.

Since his arrival here he has been carefully guarded at the Lu Lu's Country Club. It is rumored that the Crescent Temple designs to steal the famous goat today. The mounted patrol, which is the only organization of its kind among American Shriners, will be led by Superintendent of Police Robinson. A banquet will be given to the visitors at the Lu Lu Temple tonight.

The emblem, a gift of four societies of the church, was hoisted aloft by Helen Moore, 10 years old, and John Keys, age 9. The pole, 60 feet high, was presented by the Rev. P. P. Fitzmaurice, rector of St. Joachim's. Prior to the flag-raising a parade was held. Senator James T. Naulty was the chief marshal. The four societies presenting the flag, St. Joachim's Temperance Society, the Holy Name Society, Isabel Council, No. 328, Knights of Columbus, and Division No. 45, Ancient Order of Hibernians, and the school children marched from the church to the headquarters of the literary institute. BRITAIN BARS FOE'S SUGAR

Blow Aimed at Commerce of Germany and Austria. LONDON, Oct. 23.—The Government has prohibited the importation of sugar into the United Kingdom with the object of preventing German and Austrian sugar reaching here from neutral countries. It is explained that sugar is one of the few commodities which Germany and Austria are still able to export in exchange for the goods they need, and that if the exportation of sugar from the two countries can be prevented or rendered unprofitable a further serious blow will be struck to their trade.

CANINE DIET

"I had my dyspepsia almost cured once," said Crabbe. "But you couldn't stand the diet," he asked Flahbe. "Well, it was this way," explained Crabbe. "Dr. Pitter advised me to eat chopped out cakes. I ordered a box and after eating them for a week I felt fine. When Bridget said the cakes were gone I had her bring me in the box so that I could get the name and order more, but I never placed the order." "Why not?" inquired Flahbe. "The cakes were helping you." "I found," said Crabbe, looking sick at the recollection, "that I had been eating dog biscuit."—Tit-Bits.

TAKING NO CHANCES

Blackington is a lawyer of the old school and has a well-deserved reputation for good-heartedness that keeps him poor. He was recently imposed upon by the town's most successful miser, one Scroggins, who placed troublesome legal work in his hands. As the time came for settlement Scroggins hemmed and hawed and manifested all the symptoms of being in acute pain over having to pay a just debt. The lawyer's sunny good nature again asserted itself. "I won't charge you anything for my services," he said. Scroggins peered sharply through his bushy eyebrows. "Well, I'd like to have a receipt, anyhow," he snarled.—Lippincott's.

POLICYHOLDERS TO SHARE PROFITS OF PRUDENTIAL CO.

Big Life Insurance Corporation Converted Into Mutual Organization With Benefits for All Members.

The Prudential Insurance Company of America, one of the largest life insurance stock corporations in the world, is to be mutualized. The 12,000,000 and more policyholders of the company have been invited to be represented at the annual meeting of the corporation in Newark, N. J., the home office, on December 1, when the scheme to change the company from a stock to a mutual company will be finally put through. Enough proxies have already been turned in to officers of the company to make the change a certainty. Under the mutualization plan all policyholders of the Prudential will share in the profits of the company. There will be no stockholders in the company, and its affairs will be conducted entirely for the benefit of policyholders in the way mutual companies are usually conducted. Those who now hold stock in the company will surrender it on a basis of \$10 for each share having a par value of \$20. Seventy-seven per cent. of the stockholders already agreed to the surrender. Policyholders 21 years of age and over, whose policies have been in force for a year or more, will be eligible to participate in the proceedings of the December 1 meeting. Ex-Chancellor William Bennett Van Syckel, of New Jersey, and John K. Gore, a vice president of the Prudential, have been named as a committee to look after the affairs of policyholders who will vote by proxy. WILL BENEFIT POLICYHOLDERS. In the first statement issued by the Prudential concerning the plan of mutualization, Forrest F. Dryden, president of the company, outlines some of the benefits which the company feels will follow the mutualization. He says: "The plan of mutualization was adopted in the belief that it would insure to the policyholders of the company and to the public in substantial benefit. As the proceedings have progressed we have become more firmly convinced of the correctness of these conclusions. "While the company must maintain an impartial position in connection with the policyholders' meeting, it is nevertheless proper at this time to advise the policyholders of the reasons which have actuated the management in instituting its proceedings and carrying them to their present stage. "When mutualization of the company will provide for the election of directors by the policyholders, which will insure for all time a continuance of the uniform practice of the Prudential to accord to its policyholders the greatest degree of liberality commensurate with safety. "When mutualization is effected distribution of the surplus earnings of the company will include all its policyholders, both participating and non-participating. While under the existing law the rate net cost to the present policyholders may not, at the outset, be greatly improved, the account of mutualization, nevertheless every dollar saved by a continuance of the sound and economical conduct of Prudential affairs will, from the very beginning, be credited to the policyholders as the owners of the company. "We believe that the substantial benefits to be gained through the acquisition by policyholders of the stock at a price justly ascertained will be fair and reasonable and will appeal forcibly to them and will induce them to give approval to the plan. "The capitalization of the Prudential is \$2,000,000, full paid. Insurance which the company had in force at the end of last year totaled \$1,462,000,000 in the industrial field.
